REMINISENCES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

On the 20th of December, 1880, death claimed another prominent official of San Mateo county, in the person of Edword Barry, the district attorney. Already marked as a victim by that insiduous destroyer since designated as the great white plague at the time of his election, Mr. Barry served the county in his official position but little more than one year. During this short time, however, inspite of the inroads of disease upon his strength, he devoted himself so ardiously to the duties of his office as to win the admiration of all. A native of New South Wales, Mr. Barry came to California when but a lad, settling with his parents in Sierra county, where he studied law and was admitted to practice. In the year 1872, while still a resident of Downieville, he was married to Miss Mary McEvoy, daughter of John McEvoy, in this county. A few years later he found that the climate of Sierra county was proving too severe for his constitution and removed here with his family. He had been a strong adherent of the Workingmen's Party and it was on a nomination by that party that he was elected disrict attorney. The funeral services were held from the Catholic church in this city, the remains being interred in the cemetery at Menlo Park.

Less than a month after this death again claimed a member of the local legal fraternity, one who also had been quite prominent in the public affairs of San Mateo county, and for a time had been active in its affairs as the editor and proprietor of the Times-Gazette. After a lingering illness and many months of suffering death came to the relief of Herman Ambrose Scofield, then justice of the peace of this township, on the morning of January 13th, 1881, ending a life which for the closing 20 years of its span of a little over three score had been devoted to the interests of the people of San Mateo county. A native of the State of Vermont, he grew to manhood and secured his early education in his native state. Of an aftive and adventurous disposition he easily imbibed the fever of the gold excitement of 1849 and came to this state, locating first in Placer county, where he served as a justice of the peace among the rough men of the mines. After a few years at mining he removed to Folsom and entered actively into the practice of the law. In 1860 he selected San Mateo county as prospecting an attractive field for his profession and became a permanent resident of Redwood City and among one of the first of its resident attorneys. In 1863 he was elected as district attorney, serving for two years. With the opening of the year 1866 Mr. Sco field entered the field of journalism, purchasing with A. T. Warren the Gazette, which he ably edited and conducted until July 1871, when he disposed tof the paper to McPherson Bros. of Santa Cruz, and then devoted his entire time to the practice of law. Primarly death came as the result of an injury received in early manhood, when Mr. Scofield received a fracture of one of his legs. This gave him constant trouble through life, and a little more than a year before his death the same limb was again fractured near the point of the old injury This injury refused to yield to treatment and within a few months it was decided by his physicians that amputation presented the only hope of saving life. Although advised that the chance of recovery from the operation was but meager, Mr. Scofield decided to submit to the loss of the useless limb as a last hope. As had been feared the operation was without results and death soon came to the relief of the sufferer. Deceased was a prominent member of the local Masonic fratenrity and of St. Peter's Episcopal church, and his funeral was held from the sacred edifice in which he had long been a worshiper, the last offices at the grave in Union Cemetery being conducted by the Masonic Bretheren of Redwood City Lodge. Always agressive and firm in his convictions of right, Mr. Scofield made a host of firm friends and kept the good opinion of his opponents, and his taking off was generally rgearded as a public calamity.

WELL KNOWN TRAVELING MAN ENDS LIFE BY SHOOTING.

I. W. Van Zandt, a well known traveling salesman drove into Flynn Bros'. livery stable Sunday afternoon and after remarking that business had been dull walked into a stall and placed a pistol to his head and sent a bullet crashing into his brain. He was in his usual cheerful frame of mind when he entered the stable and it is thought that some unknown cause must have prompted him to take his life.

Van Zandt had just returned from Pescaredo. He was not seen to enter the stall and when one of the hostlers heard the pistol shot he thought the noise had been made by an automobile. Two hours later Thomas Flynn accidentally found the body.

Van Zandt was in the employ of the M. J. Brandenstein tea and coffee company and for years had traveled through this county and Santa Clara. He was aged about 55 years and unmarried. His body was taken in charge Monday by the San Francisco Elks and removed to that city for burial.

The city ordinance requires that dogs running at large should have license tags attached to their collars. It will not do to buy a tag and keep it in the house. Many dog owners misunderstand the law. Horses or cows that are staked out on the public streets may also be empounded. If allowed to graze on private property, with the owner's consent, the pound-keeper will not molest them,

Sunday afternoon Wm. Williamson, assisted by his friends, launched a new motor boat which will doubtless prove one of the speedy pleasure crafts of the local fleet. The boat is 26 feet long and 6 1-2 feet beam. It has a powerful engine and is fitted with a reversable propeller. It was built by Williamson and is substantially and elegantly constructed, with a commodious cabin.

Assessor's Instructions

To Owners of Real Estate and Personal Property.

The law requires each and every person who ownes any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where his' property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

If you hold mortgages against others send in a mortgage statement showing amount due on each mortgage on the first Monday in March ot 12 o'clock m.

No change can be made by the Assessor after he turns over his books to the Board of Supervisors on the first Monday in July. The Board then sets as a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and Tax Collector much trouble, and very likely cause yourself expense.

It is much more satisfactory to the Assessor as well as to yourself, to have your assessment correct when you go to pay your taxes.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

Due solely to the issue of protection, it is predicted that the Republican vote of the Southern States next year will be by far the largest ever cast in that section.

The Board of Trade of San Mateo is making special effort to create a trade at home spirit among the people of that city. This is a spirit essential to the progress of any community, and their appeal should be heeded. No community can prosper unless its merchants have the united support of its people.

W. R. Hearst says the Democratic party has failed because it "oscillated between the one extreem of unsound radicalism and the other extreme of disingenious and dishonest conservatism. There-Mr. Hearst is now for Camp Clark. The logic of the position seems rather difficult, but then Mr. Hearst was always original in his politics.

A perusal of the article in the Democrat of this week written by one John Coghill, in which he attacks the editor of this paper, must force the conclusion that the man is mentally unbalanced. We do not know the fellow, have never met him and certainly have never done him an injury. We would advise the local insanity commission to be on the lookout for him as men in his condition are a menace to the community while at large.

T. Scott and others at the time of incorporation. The writer stated that the new city had spent $12,000 in rebuilding the Crystal Springs road and had also paid into the road district $2000, which amount had been accepted by Supervisor Coleman. The Hillsborough city officials felt that they had fulfilled their oblication to the road district for the first fiscal year.

Mr. Swart presented a letter written by Henry T. Scott, reiterating what had been stated by the city clerk and agreeing if the Second road district were in need of money to make a further payment of $2500 but that amount would be withheld from the next years's payment.

Brown cannot understand how the Hillsborough people could establish the claim that they had fulfilled their obligations to the Second road district. They agreed to keep their own streets in repair and the Crystal Springs road which was in the city limits of Hillsborough. They failed to repair the latter. Brown stated that the funds of the Second road district were at a low ebb and unless the Hillsborough peope made good his district would suffer.

Al the bids were reecte and the clerk was instructed to readvertise for bids. McEvoy and Francis voted no on the motion.

John Savage was permitted to amend his bid for the Christen bridge in the First township. He specified that the extra concrete would be $14 per cubic yard and that the time for completing the work would be 60 days. With this amendment the bid of Savage and Mitchell was $3200—and therefor was awarded the contract. The other bids were as follows:

J. F. Barrett bid $4500, for extra concrete $11 and 36 days to complete the work.

The Hoard Construction Company offered to build the bridge for $3333; for extra concrete $9, time

GRIM DESTROYER CALLS ANOTHER REDWOOD BOY.

Everett J. Barry son of Mrs. Mary Barry, formerly of this city and brother of Edward Barry and nephew of Supervisor P. H. McEvoy, died at San Francisco Tuesday Morning. He was stricken with apoplexy as he ended his work in the yards of the Belt Line railroad Monday afternoon, and was taken to his home on Folsom street where he died. Barry often complained of pains in his head, but his sudden demise was a very severe shock to his wife and little daughter. He was born and raised in this city and at an early age went to work for the Southern Pacific Railroad Company and became an engineer. His father was district attorney of this county at one time, being elected by the Workingmen. He died in office. The remains of young Barry were brought from the city Thursday in a automobile hearse and laid beside his father in Holy Cross Cemetery, Menlo Park. He was 35 years of age.

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

The town trustees of Daly City have determined tha there shall be no temporising with the saloon business and that the new municipality must have the benefit from the license income. Notice has been ordered upon all saloon keepers that they must immediately make application for licenses under the town ordinance and incidentally pungle up the fee of $120 therefore.

Recent developments seem to indicate that the Halfmoon Bay section of the county is soon to number among the prominent oil producing sections of the state. In addition to the flattering prospects of the United High Gravity Oil Company on their property in the Tunitas Glenn, what is believed to be a rich prospect has been discovered in the vicinity of Montara. The well of the High Gravity Oil Co. at Tunitas Creek is now down 1400 feet and already an oil strata showing high grade oil has been passed. It is now considered certain by experts that the deep and profitable oil sands will be found when the well reaches a depth of not over 2000 feet. Work in the development of several other prospects will be pushed in the near future. A company is now being formed to develop prespects on the ranches of Henry Butts and John Bettencourt.

Mr. Cunha of Halfmoon Bay who has applied for an electric franchise throught this precinct was in town Thursday and says we may expect electric light sservice not later than the first of July. Hurrah for you Cunha. They need not tell us any longer that Halfmoon Bay is asleep. This is an enterprise of considerable magnitude and we naturally expected it to come from San Francisco but we take our hats off to Halfmoon Bay—Coast Side Comet.

COUNCIL SELECTS BUILDING PLANS

Architects Divide Honors in the Competition for Designs of New City Hall

NEW PAVEMENT IS SUGGESTED

Claim to Unused Streets Abandoned by City---Plat of Another Subdivision Filed.

Architects E. P. Antonovich and Thomas M. Edwards are to divide the honors—and incidentally the emoluments—of the competition for designs and plans for the new city hall. After a careful consideration the members of the City Council have decided that on the question of arte Mr. Antonovich had slightly the best of the argument, while in the matter of utility Mr. Edwards easily carried off the palm. On the latter point there seems to have been no room for argument, Mr. Antonovich himself agreeing that the floor plans of his opponent were beyond criticism and perfectly fitted the purpose for which the building was designed. Certainly a close inspection of the plans as approved by the trustees indicate that Redwood City is to have a handsome and convenient municipal building.

All of the trustees were present at the meeting of the council on Monday evening as well as a considerable number of spectators. Beyond the selection of the plans for the new building but little business was presented and this largely of a routine nature.

A map of a new subdivision to be known as "The Oaks," was presented by H. R. Fee and laid over until the next meeting under the rules. The new plat is a subdivision of lot 11, of the Wooster, Whitton & Montgomery subdisivion.

Ordinance No. 104, introduced at the last meeting was given final adoption.The design of the ordinance is to correct errors made in a plat some years ago and officially vacates streets that have never in reality been public highways.

H. A. Lean, a representative of Mitchell & Savage of San Francisco, the California agents of the Pacific German Mastic Company addressed the council at some length in advocacy of the use of a new class of street pavement, for which he claimed the advantage of presenting the most successful resistance to the wear of automobile traffic yet discovered in a low priced pavement. The special feature of this new pavement as advocated is its wearing surface, which besides being elastic presents a smooth and even appearance similar to that of asphalt. It is claimed that the cost of this pavement is little greater than ordinary oiled macadam which it will outlast many years. Although the proceedings for the street improvement districts now under consideration had gone so far that changes in the work are impossible, thus preventing the consideration of a new pavement at this time, Mr. Learn was given attentive hearing by the trustees. It was brought out that the proposed pavement was entirely new to this section and Chairman Merrill suggested that a sample might be laid in this city, offering to provide the required base at the cost of the town, but no inclination was shown to accept this proposal.

Chairman Merrill announced that after careful consideration in committee of the whole the trustees had selected the exterior design submitted by Architect E. P. Antonovich as the most suitable for the new city hall, but at the same time held a decided preference for the floor plan submitted by Thomas M. Edwards as providing the greatest convenience for the transaction of municipal business. For this reason it was recommended that the plans of the two architects as indicated be accepted as the winners of the compteition and that the prize of $300 offered be divided equally between the two. Mr. Antonvioh and Mr. Edwards were both present and each expressed a willingness to accept the terms of the decision as indicated by the report. After a short discussion a resolution was presented by Trustee Hynding and adopted by a unanimous vote accepting the combined plans as indicated and naming Architect Antonovich as the architect to prepare detailed plans and to have general supervision of the erection of the building at a compensation of 2 1-2 per cent upon the actual cost of the building. This action does not finally dispose of the question of the acceptance of the plans until the trustees have determined that the building can be constructed within the required cost of $12,000.

With the quesion of plans and supervising architect settled, Mr. Antonovich was invited to a seat at the council table and an hour was devoted to the consideration of details desired by the trustees in the construction of the building and the class of material to be used. As these were determined upon, the building should present a handsome and thoroughly modern appearance and be most substantial in character Especial care was taken to secure the most possible strength in all parts of the structure. The exterior will be of a new pattern of tapestry brick of a tera cotta color, with trimmings of a cream colored tera cotta material.

In adopting the plans as indicated, the trustees paid a compliment to all of the competing architects, declaring that each of the plans submitted contained many commendable points. In accepting the decision of the trustees Architect Antonovich complimented Mr. Edwards upon the floor plans submitted by him, declaring that in his estimation these could not be surpassed for the purpose required.

In order that preliminary work in the preparations for paving of streets in improvement districts Nos. 15 nad 16 may be expendited an adjourned meeting of the council will be held next Monday evening.
